

Lindy's Lake Association Beach Rules

This year we are instating a **smoking and non-smoking section on the beach**. The lifeguard stand will mark the dividing line between the smoking and non-smoking section. If you would like to smoke you must do it on the beach side that has the port-a-john on it. Please use the provided containers to dispose of all cigarette butts. The other side of the lifeguard stand, with the pavilion on it, will be designated a non-smoking section. There will be no smoking from the lifeguard stand to the grills by the fence in this section.

No glass bottles on the beach - it is not only a concern for possible broken glass that someone could step on but it is also the bottle caps that get left behind. They can hurt and cut a foot just as much.

Non or beginner swimmers are not allowed to go out to the floating docks without an adult – even if they are wearing swimmies, tubes, or lifejackets. The reason is not only can they not swim, they can slip out of the tube and with swimmies, if not on properly, they can slip off the arms. Most of the kids who need to wear these items are because they are little and with that do not always know how to be careful; so, they can slip, fall, or hurt themselves on the dock.

There is no jumping from the docks if the swimmer is wearing tubes or swimmies. The reason again, is that they can slip out of them. If they are wearing a lifejacket, that will be allowed.

There is no diving from the docks.

Kids under 12 need to have an ADULT accompany them down at the beach the whole time. Older siblings, unless over the age of 18, cannot substitute as an adult.

The beach is a carry in/carry out your own stuff (*this includes the trash you make*).

Do no fish in the swimming area – this is 24 hours/7 days a week during the summer season. This is to prevent fishing hooks from getting stuck on the ropes.

Dogs are not allowed on the beach – this is 24 hours/7 days a week all year long.

Helping the lifeguards enforce these rules, will allow everyone to have a safe and enjoyable time at the lake.

Thank you,

The Lindy's Lake Association Board
